

KLOMPIE TILE

A versatile indoor / outdoor decorative, natural fired, red clay tile

Suitable for walkways, cladding, feature walls and general home beautification projects – limitless design options.

Hard wearing, suitable for both natural or sealed finish.

SPECIFICATIONS	
Description	Klompie Tile
Coverage	80/m ²
Average product weight	0.3 Kg
Size	240mm (length) 40mm (width) 15mm (thick)

ADVANTAGES

- **Natural Product:** Fired clay, natural colour, no added pigments. Will not fade after exposure to elements.
- **Light Weight:** Ease of transportation, exceptional ease of laying and cutting – standard tiling and grouting.
- **Kiln Fired:** Fired in a modern mobile rotary kiln at temperatures in excess of 1060°C, suitable for fireplaces, pizza ovens and braai areas (must be fixed with fire cement).
- **Packaging:** Eco friendly strapping in 1m² packs, ease of site handling and stock control.
